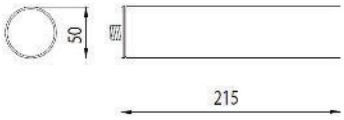
300ml BATTERY TOOL

20V Battery Extrusion Tool

20V 2AH
Battery pack

Makita compatible

Compatible Cartridge 310ml



Conversion kit for:
310ml:
- 2k Sache Cartridge

Professional battery - 1-component 310ml cartridge dispenser for medium to high viscosity materials, powered by 20V lithium-ion batteries.

Features

- LED light in the handle
- Anti-drip rack retraction function
- Two speed regulators
- LED battery level indicator
- 20V 2Ah high performance Li-Ion battery (Makita compatible)
- Professional Glass fiber cartridge frame or Aluminum barrel
- Overload cut-off function
- Glass fiber reinforced nylon trigger/handle

Benefits

- Light in the working zone
- Prevents material run-on
- One speed regulator on the trigger and one on the housing
- Charging time 60min (100%)
- 75 cartridges for a fully charged battery (*at room temperature)
- Cartridge and sachet support - Ease of cartridge insertion & removal
- Prevents damage to the tool and cartridge
- Impact Resistant

Specifications
Weight: 1,88kg / 4,14lbs (incl. battery)
Maximum Thrust: 5.5kN
Voltage: 20V
Battery Voltage: 2Ah
Capacity: 310ml cartridge,
Viscosity: Med/High
Standard Colors: Black/Grey

Packaging
1pc. In a color carton box

Size: (LxWxH) 440x75x285mm / 17,32x2,95x11,22in
Cartridge frame: 225mm / 8,85in
Battery Charge Time: 60min
Load Speed: 0 ~ 8,5mm/sec, 0 ~ 0.33in/sec
Handle/Trigger Material: Glass fiber reinforced nylon
Frame Material: Epoxy coated steel
Tool Component Approvals: CE, CSA, EMC, REACH, RoHS, UL, WEEE
Customized versions: On demand

Accessories Conversion kit 600ml
US-, UK-, and EU charger cable

Version 27.07.2026
